

ASSEMBLY INSTRUCTIONS FOR Luther RGB Color Changing Torchiere

SL0373-01 1.0

Model # SL0373-01
Patent Pending

1. Screw RGB tube(B) clockwise into base(A) to tighten.
2. Insert RGB tube(C) into RGB tube(B) to tighten.
3. Insert RGB tube(D) into RGB tube(C) to tighten.
4. Insert RGB tube(E) into RGB tube(D) to tighten.
5. Insert RGB socket tube(F) into RGB tube(E) to tighten.
6. Plug in the driver and use the lamp with the LotusLamp X App(See the LotusLamps X APP Instruction Manual to download this APP).
7. In order to control the uplight with warm white light only, you can turn off the RGB lights in the App. Then use the touch switch on the shade.

LOTUSLAMP X APP INSTRUCTIONS MANUAL

1. For iOS system, use the App Store search LotusLamp X, then download the app called LotusLamp X with below logo into your iPhone.
 2. For Android system, search LotusLamp X in the legal App Store, then download the app called LotusLamp X with below logo into your phone.
- 
3. Make sure the phone bluetooth is on, then open the LotusLamp X and plug in the lamp. This app will connect to the lamp directly.
 4. If the app does not pick it up automatically, click the "+" on the top right of the app's first page and touch "Add Device". The app will search for the device again and, when the device's name pops up, click it to connect again.
 5. When using a new phone to control the RGB function, please close the connection in the original phone on LotusLamp X and unplug the lamp. In order to connect to the LotusLamp X again, just connect to Bluetooth, open the LotusLamp X and plug in the lamp.
 6. We recommend editing the name of the lamp to something you recognize so it is easy to control the lamp you'd like to control. You can connect multiple lamps to this App.
 7. For more information about LotusLamp X App, please see the Instructions in the App.
 8. Scan the QR code to download the Lotusslamp X app.

GENERAL PRODUCT INFORMATION:

This product is suitable for dry location only.

IMPORTANT SAFETY INSTRUCTIONS:

This portable lamp has a polarized plug (one blade is wider than the other) as a feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. DO NOT ALTER THE PLUG.

BULB TYPE: 13w LED bulb included, compatible with the LotusLamp X APP Control RGB.

Warning: when assembling the C, D and E RGB tubes, please follow the order from instruction number marked on the lamp. Do not mix the C, D and E RGB tubes when assembling.
